

Norman Kipchumba

Aspiring Network Engineer | Cybersecurity Enthusiast | Lifelong Learner

This is a placeholder CV.

Replace this file with the real CV, keeping the same name and location:

assets/resume.pdf

Both Download CV buttons on the portfolio site point here, so no HTML changes are needed once the file is swapped.

Suggested sections for the real CV

- Contact details (email, phone, LinkedIn, GitHub, location)
- Profile / career objective
- Education
- Technical skills (networking, Linux, Python, security tooling)
- Certifications (and any in progress)
- Projects and labs
- Attachments / referees

Placeholder generated for the portfolio build - not a real curriculum vitae.
